*“Adopting just one Greyhound won't change the world, but the world will surely change for that one Greyhound.”*

## Competition Winner!

Congratulations to Jenny who won with this brilliant photo of Mac and Maisie! We will get your copy of “Goblin” by Ever Dundas sent out to you!

*“Here is one of my favourite photos of Mac and Maisie. Mac does not like Maisie invading his space but here he is trying to ‘edge’ onto her cushion and you can see his sneaky smile. Maisie is oblivious to what he’s up to and just enjoying a rare snuggle up to him”*

Thank you to everyone who entered, we had a good laugh looking at them all, it was a difficult decision! The second and third place photos are featured later on in this issue...

## Dog Walkers Needed!

We are always looking for dog walkers but please don’t just turn up. Give Jimmy or Celia a phone first to arrange an induction day and get all the info. John – The GRF Webmaster has also set up a Calendar on the forum which hopefully in the future will make it easier for everyone to check when help is needed and book themselves in. However, anyone new to dog walking at the kennels must get an induction first.

Celia and Jimmy’s contact details are on the GRF website.

## Dog of the Month

I'm happy to report that our dog of the month, Davy, has found his forever home with Liz and Richard! Here he is before his trip home.

*"Davy was born in May 2014, the first thing which strikes you is his size...he is huge! He is a gentle giant who is very friendly and good natured. He is, in fact, a perfect gentleman. Calm and well-mannered and he gets on well with the other greyhounds. He is very affectionate and loves to give you kisses and adores it when you give him Tender Loving Care in return."*

## Ashleigh and Lexi's Corner

Here is what Lexi has been up to over the last month.

### Typical Hound

Why is it still so cold outside? I spend so much time trying to find the warmest part of the house then my humans drag me outside again! Do they not understand that I'm actually the one in charge? I think I have made it perfectly obvious when I took ownership of the sofa when I moved in. From now on I'm simply going to refuse to go anywhere!

## Competition

Thanks again to everyone who entered the competition! Here are our top three!

1st - Mac and Maisie *"Here is one of my favourite photos of Mac and Maisie. Mac does not like Maisie invading his space but here he is trying to 'edge' onto her cushion and you can see his sneaky smile. Maisie is oblivious to what he's up to and just enjoying a rare snuggle up to him"*

2nd - Charlie *"It's a picture of him in a dog bed meant for a westie..... he's putting on the puppy dog eyes as if to say 'What do you mean this isn't my bed?!'"*

3rd - Lola *"Our Lola with her Christmas toy."*

## PRODUCT OF THE MONTH - LOVEHOUNDS

Lovehounds specialise in making raised dog feeders, for those who do not know greyhound's long necks can create digestive issues if their bowls are on the ground, these raised feeders eliminate this issue. The owner, Anni, loves greyhounds and actually adopted one of her hounds (Jewel - page 68) from GRF! Have a look at her range at [www.facebook.com/lovehoundspetproducts](http://www.facebook.com/lovehoundspetproducts)

## Barry 'n' Sue

### Love Birds

Since we first met Barry and Sue while volunteering at the kennels we knew that they adored each other, for those who did not know them then they would often share a bed and snuggle after their walks! We quickly fell in love with them and made sure that we walked them every week. I remember one week that Sue wanted to run so I jogged with her for ten meters or so and then back to Hannah and Barry, when we got back to them they gave each other a wee kiss! Since we adopted them this hasn't changed, after shower time Barry will even help Sue dry herself. Barry is normally first to get up, once Sue gets up they will give each other a morning kiss and wait for their morning walk. Their favourite pastime is snuggling together on the sofa, totally in love!

## Doggy Doos

Following on from last months edition I would like to share some more benefits of giving your hound coconut oil. Here is a picture from Dogs Naturally which shows just some of the benefits. We give Barry and Sue 1-2 tablespoons a day, as always with these things though, make sure to do your own research!
